

## CAPABILITY STATEMENT

MCI Diagnostic Center, founded in 1998, is a verified Service-Disabled Veteran Owned Small Business (SDVOSB), GSA contract holder accredited by both CAP, COLA, and certified by The Clinical Laboratory Improvement Amendments (CLIA). MCI is a medical laboratory capable of providing more than 2500 tests or test combinations and over 400,000k tests per day.

MCI serves as a National DME partner supplier for Medline. MCI is currently providing services as a national Reference Laboratory that serves all 50 states (including Hawaii and Alaska) and Puerto Rico. MCI Diagnostic Center is the National Laboratory of choice for the Department of Labor, Office of Job Corps supporting all Job Corp Centers throughout the United States and Puerto Rico which is the Nation's largest residential educational career training program for youths.

- ✓ MCI has the necessary accreditations and tactical partnerships to service local and national contracts (local service agreements, subcontractors, etc.) to comply with the performance requirements. MCI's facility has the necessary Biological Safety infrastructure to perform on-site. Visit [www.mcidiagnostics.com](http://www.mcidiagnostics.com) for a virtual tour of MCI Laboratory.
- ✓ Vendor Agreements: MCI has significant vendor agreements, alliances, and resources (e.g., technical equipment, personnel) as necessary through strategic partnerships.
- ✓ Personnel Expertise: MCI has board-certified pathologists, technical skills, and personnel expertise to meet all testing and Reporting requirements.
- ✓ Technical Equipment and Instrumentation: MCI is equipped with a Laboratory Information System (LIS) capable of transmitting secure test results/reports and providing electronic online ordering via a secure online web portal. MCI is equipped with all equipment and instrumentation configured to meet any requirements.
- ✓ Courier Services: MCI has established agreements with professional specimen courier services with proven reliability and accountability records to ensure the specimen's integrity.
